RESPONSE TO OFFICE ACTION OF APRIL 23, 2002

This response is accompanied by a petition for a three month extension of term for response to the outstanding action and a check for \$920.00.

Reconsideration of the rejections made by the Examiner is requested in view of the following remarks.

REMARKS

As noted by the Examiner, an essential element in the claimed invention is that it is for the treatment of dyskinesia associated with dopamine agonist therapy. The examiner seems to equate this with other dyskinesias or at least think that, if something is useful in treatment of other
